RE: LETTER ON THE STOPPAGE OF AFAS DUES PAYMENT

Dear Honourable Members,

The Executive Council acknowledges receipt of the correspondence from the Faculty Legislative Council regarding the ongoing payment of AFAS dues.

The Executive Council wishes to clarify that the account currently being used for the payment of dues is a gateway account. It is not an individual's personal account, rather, it is a system-generated account created through the gateway. The introduction of the online payment system was implemented to ensure that the financial records of AFASites are properly documented, digitally updated, and maintained for efficiency, transparency, and effective record keeping.

This system also allows for faster processing, enabling students to easily access and retrieve their dues receipts whenever necessary. Additionally, a copy of each dues receipt is automatically sent to the email address provided by the student at the time of payment, ensuring accountability and convenient access to payment records.

The Executive Council remains committed to due process and proper institutional engagement with the Legislative Council. As such, this matter can be fully discussed and appropriately resolved during the next legislative sitting, where all necessary clarifications can be provided.

Please accept the assurances of our highest regards.

Yours Sincerely,

ADEYEFA EBENEZER
President

AYORINDE OLAYODE J.
General Secretary
